amaaaaaaaazing!!! i've been getting a lot of recommendation requests for solid pnr or uf series', something that will hold a readers attention while they wait for the next black dagger brotherhood book. the truth is, there's nothing that compares to the bdb and looking for something "the same as" will only lead to disappointmente dvmpe has been developing a range of original content, such as comedy show 'the windy city rejects' and topical debate show 'push the button' with david vox mullen and pro-wrestling's ken andersonom the taoist beliefs of ursula le guin's earthsea books to the complexity of steven erikson's malazan book of the fallen. from the ambition of stephen donaldson's thomas covenant books to the beautifully written realm of the elderlings by robin hobb. these are the top fantasy book series
